

Wyomissing Valley Preschool is an outreach ministry of Calvary United Methodist Church. As such, we recognize the importance of raising children with Christian values.

It is the philosophy of Wyomissing Valley Preschool that childhood is a time when youngsters learn about their world through play, exploration, and discovery. It is a time of making new friends and sharing new experiences. It is a time of having fun while learning and feeling accepted and safe.

The preschool's purpose is to provide an atmosphere that fosters the intellectual development of each child along with his/her social and emotional maturity. Our teachers strive to encourage each child's creativity, curiosity, and enthusiasm for learning through various individual and group activities.

Morning Class Options

Toddler

(Must be 2 years old by Oct. 1st)

This class is designed specifically for your active toddler, with focus on beginning social, math and pre-reading skills, as well as encouraging independence and potty training.

Three Year Olds

(3 by Oct. 1st and must be potty trained)

Our three year old classes are an official introduction to preschool. These classes focus on beginning reading, math, and science skills, as well as continuing to nurture each child's social and emotional growth.

Four Year Olds

(Must be 4 by Oct. 1st)

Kindergarten readiness is our primary goal in these classes. We continue to work on social and self-help skills, as well as give children a solid base of academic skills to begin their future school years.

Afternoon Class Options

Four Year Old

Language Arts Enrichment

(Must be 4 by Oct. 1st)

This class emphasizes important language arts skills through exploring a different author every week. Children will focus on pre-reading and pre-writing skills through a variety of fun activities.

Three Year Old

Math & Science Enrichment

(3 by Oct. 1st and must be potty trained)

This class will focus primarily on math and science concepts. Concepts will be explored through various hands on math activities that relate to a science based weekly theme.

Lunch Bunch

(Must be 3 by Oct. 1st)

Lunch Bunch is a program that allows the children to enjoy a packed lunch, provided by the parent, and additional socialization time.
